## INTRODUCTION

Currently touring the world performing Rolla Bolla, Unicycle, Cycling, and Juggling.

Began performing at the age of 5 as a clown in my family-owned circus in Argentina. Invested the entirety of my adolescent career up until adulthood performing as part of my family's troupe doing shows in 13+ countries. I have been featured in renowned circuses, fairs, variety productions, cruise ships and a number of TV shows. In total I have been a part of nearly 10,000 shows in my 28 year career, and am the only Rolla Bolla artist to perform a "lift" while balancing on high cylinder stacks.
